The Breast Cancer Care Show

4 October 2018

Park Plaza Westminster Bridge, London

The Breast Cancer Care Show and 1,700 guests will welcome some very special models to the catwalk, all of whom have had breast cancer. This unique and life-affirming event combines fashion, celebrities, real people and a worthy cause making it a popular date for the media and our supporters alike.

The Show London

Join us on Thursday 4 October 2018 to celebrate our 32 courageous models as they step out in style onto the catwalk following a breast cancer diagnosis. Their life-affirming stories of strength, passion and bravery will leave you inspired and uplifted.

With fashion, fundraising and fine dining, you're sure to have an experience to remember either at our Afternoon or Evening Show. The money we raise will help us continue to be there for people who so desperately need us.

Gold VIP table packages

We want to make your experience at the Show extra special through our Gold VIP packages.

“ We, and our guests all had a thoroughly enjoyable time, much more so than at the standard type of corporate event which does not provide the same inspiration and good feeling you get from doing something worthwhile! ”

O'Melveny & Myers sponsor 2007–2016
